LeSaint Logistics Adds 5th Facility to Ohio Campus

ELGIN, IL September 5th 2007 — July 1st LeSaint Logistics expanded its footprint and opened another warehousing and distribution facility in Cincinnati Ohio. With the newest addition to the LeSaint Logistics campus this will bring LeSaint's Ohio distribution centers total to five. The 112,000 sq ft facility is located near Cresentville and Route 4 at 256 Circle Freeway Drive in Cincinnati Ohio. LeSaint has seen significant growth in the Greater Cincinnati market within the year and is anticipating a steady incline through the remainder of 2007.

“We are extremely excited to be expanding our presence in the Fairfield, Ohio market. Our proved experience and expertise for providing logistics solutions to new customers as well as to our current clients, is our differentiating value. We are thrilled that our Fairfield, Ohio marketing efforts, as well as, our current client expansion have allowed us to grow within this market. LeSaint Logistics is very excited how this marketplace has embraced our solution offering, and we will continue to invest in the growth of the Fairfield, Ohio area, we have been in Fairfield and the surrounding marketplace for over 24 years, the heritage and proven success is our stronghold.” said Dino Moler, Vice President of Sales & Marketing.

Headquartered in Elgin, Illinois (near Chicago), LeSaint is a Top 100 third-party logistics (3PL) provider, developing customized, knowledge based, integrated supply chain solutions for customers from a wide range of industries, including beverage, building materials, chemicals, retail, consumer products, paper products and pharmaceuticals companies. With more than 25 facilities across the United States, LeSaint offers comprehensive logistics services, from warehousing, transportation and fulfillment to inventory management, dedicated contract carriage, hazardous materials management and value-added services. LeSaint clients are supported by the company's TechKnow™ suite of real-time reporting and management tools to provide complete accountability and visibility of logistics processes.
